

Botany Bay Song. 2

Sung at the Anacreontic Society.

YOU have read of Captain Cook our late worthy
commander,

The great Sir Joseph Banks, and Doctor Solander,
They sailed round the world, were perplexed and
teiz'd too,

To find out a place where the King might send the
thieves to.

CHORUS. Row dow dow, row dow de route
dowdy, row dow dow.

Now Botany Bay is the place that's intended,
To send the whole gang to, that their morals might
be mended,

When the plan was made public it astonish'd all be-
holders,

To part savages from savages by transporting soldiers.

All things are prepar'd and there's no alteration,
Besides it is done for the good of the nation,
But instead of box and dice they hear the rattling of
the drums, fir,

And the natives will be kill'd by the firing of their
guns, fir.

I have an old friend who is no ways censorious,
He has given me a list of the names most notorious,
The first is slender Billy a noted knowing prig,
Who employ'd such a squad at a shop taxing rig.

Surly Ned he demurr'd, for a moment they waited,
Tho' his cause was not heard being so adulterated,
From the passing of his sentence all his law could not
hinder,
For he helpt Billy in at the back chamber window.

Squinting Jack thought it hard, fat Charley thought
it harder,

To think he must bundle for the sins of the father,
Then looking down the list I espy'd Kyam A——n,
Likewise Sir Cecil Keg so well known in Covent
Garden.

I took notice of a nest all cast at one time too,
When looking into facts it was for the same crime
too,

I thought to myself they had met with their rewards,
Twas for making too free with a house beyond the
Horse Guards.

One name I observ'd that was quite early dated,
Tho' his crimes they were black twas quite obliterated,
But examining more closely 'twas the noted Warren
Green Pease,
So lately in a mess for his villainies beyond seas.

A great number more whose crimes were not so heinous,
But thinking on the subject it made me grow quite
serious,

I examin'd them all round, found them birds of a fea-
ther,

Then I threw the paper down, and I lump'd them all
together.

Of females I have said ne'er a word all the while,
But no doubt they will be supply'd from this fav'rite
life,

Then Britons fill your bumpers, rejoice now and sing,
What a glorious set shall we have from their offspring.
